Warnings

Not a toy adult supervision required misuse or careless use may cause serious injury or death. Always wear eye protection when using this airgun. This airgun is intended for use by those 18 years of age or older.

The basic safety rules

1. Treat every pistol as if it is loaded.
 2. Never point a pistol at anyone, or allow anyone to point a pistol at you even if you think it is not loaded.
 3. Always carry the pistol so that the direction of the muzzle is under control, even if you stumble.
 4. Always be sure of your target and what lies behind it, before you squeeze the trigger.
 5. Never leave a loaded pistol unattended.
 6. Beware of targets which tend to cause ricochets.
- Keeping to these rules will ensure safe and enjoyable sport with your new air pistol.

THE LAW

**KNOW THE LAW ON AIRGUNS AND OBEY IT.
ACT RESPONSIBLY, ACT SAFELY AND
ENJOY YOUR SHOOTING!**

4.5 mm BB version

Always use precision 4.5mm steel BBs in this airgun. Never use any damaged, tarnished or previously used BBs.

6mm plastic BB version

Always use quality 6mm nylon BB in this airgun
Never use any damaged, tarnished or previously used BBs.

177 pellet version

Always use quality .177 airgun pellets.

Never use any damaged, tarnished or previously used pellets

Know your Airgun

Loading Instructions

When handling the air pistol the safety catch should always be in the safe position towards the "S".

Do not attempt to pull the trigger whilst the safe is in the safe position, excessive force will damage the mechanism

To load the CO₂ capsule first lift the left hand pistol grip

Loading Instructions

Load the CO₂ capsule into the CO₂ compartment

Turn the lanyard swivel clockwise to charge the CO₂ capsule
Then replace the left hand pistol grip

Note.

When storing your pistol remove CO₂ capsules

Loading Instructions

BB version

.177 pellet version

BB version.

Put 6 BB's on a flat surface or preferably a pellet tin lid. Push the bullet head over the BB's until the BB's are flush with the surface of the bullet head. To facilitate performance longevity add a drop of silicon oil on 1 BB per 6 shots.

.177 pellet version.

Put the .177 pellet into the rear of the cartridge until it is flush with the face of the cartridge.

Push the barrel catch forward to open the breech

Place loaded cartridges into each chamber of the cylinder.

When all chambers are loaded close the barrel making sure that the barrel catch is in the fully locked position

Loading Instructions

When you are ready to fire the safety catch can be pushed into the forward (fire position) with your right forefinger

The Webley MK VI Revolver can be operated single action with the gun in the firing position, pull back the hammer using your thumb, the hammer will then lock in the rear position. The gun can now be fired with a lighter trigger pull for target shooting.

Loading Instructions

Alternatively double action for rapid fire pull back the trigger, the cylinder will rotate and the gun will fire.

When all shots are fired the cases can be extracted by opening the barrel catch

Field Strip

The revolver can field stripped by removing the screw indicated and rotating the cylinder cam lever anticlockwise, when the barrel is opened

The cylinder cam can then be rotated clockwise and the cylinder can be removed from the frame. Reassemble in the reverse order
